Rules That Will Govern The Times Booklovers' Contest

The contest is open to everybody. Only Times employees and members of their families are barred. Daily for 77 days will be published in The Times a picture representing the title of a book, one each day. Beneath this picture will be a coupon to fill in with the name of the book and the author, together with name and address of entrant.

Additional pictures and coupons may be obtained at The Times office, by mail or by person. Answers will not be accepted unless they are properly filled out on the coupons appearing beneath each picture. It is necessary that pictures be sent in with the answers in order that all answers may be uniform.

When you have all 77 answers, fasten them together and bring them or mail them in a neat flat package—not folded or rolled—to The Times office, addressed "BOOKLOVERS' CONTEST EDITOR." Prizes will be awarded contestants sending in the largest number of correct solutions. In the event of two or more persons having the same number of correct solutions, the person using the smallest number of extra coupons in the set of answers will be declared the winner. In event of two or more persons having the same number of correct solutions, and using the same number of coupons, an equal interest in the prizes tied for will be given to each of the tying contestants, or the persons involved in the tie may choose any one of the equal lesser prizes.

More than one prize will not be awarded to any one family, but each member of the family may enter the contest and submit a complete set. Only one complete set (comprising not more than 10 answers to any one picture) of answers may be submitted by a contestant. Awards will be made strictly according to the merit of each separate list. The names of more than one person must not be written on any one coupon.

All answers will be considered on the merits. The first set filed will have no preference over the last set filed; provided only that answers must be filed within the time specified after the last picture has appeared.

The awards will be made by the Contest Editor and three well-known citizens whose names will be announced later.

The correct answers to the series of pictures will be filed with a local trust company or bank a week previous to the close of the contest. Entry to the contest may be made at any time. All communications or letters of inquiry concerning the contest should be addressed to the Booklovers' Contest Editor, The Times.

WOMEN VOTERS FETE HOLABIRD. Candidate for Congress Is Warmly Indorsed. Honored Guest at Brilliant Country Club Dinner. Fair Hostess Takes Stump; Assembly Cheers. The Los Angeles Country Club was the scene of a brilliant dinner party yesterday afternoon given in honor of Col. Holabird, Republican candidate for Congress from the Tenth District, by Mrs. Joseph F. Bumiller. Mrs. Bumiller had as her guest, in addition to Col. Holabird, twenty-two prominent society women of Los Angeles who are enthusiastically supporting Col. Holabird for a seat in the lower house at Washington. The dinner table was beautifully decorated with sweet peas and gladioli. In the center was a large jar filled with golden glow, artistically intertwined with streamers of maidenhair fern. Hand painted place cards to match the flowers made pretty favors. ELOQUENT TRIBUTE. Mrs. Bumiller made an eloquent address, in which she paid high tribute to Col. Holabird as a business man and statesman. "Col. Holabird is one of the best-known citizens of Southern California and a man identified with many great enterprises," said Mrs. Bumiller. "He has figured for years in the progressive life of Los Angeles and is just the man to represent the great Tenth District in Congress. He has been at the head of those who have made this part of the state what it is, ever since the middle '80's, when the Santa Fe first reached Los Angeles. There never was a time when a competent man was more needed than at the present, nor when an unrepresentative man will reflect more disgrace upon the Tenth District. He who goes to Washington for the next two years will stand for a very high class of constituents for most intelligent persons who are really progressive in everything that belongs to life. Los Angeles is growing in population and wealth beyond anything ever known and this growth will be accelerated with the completion of the Panama Canal and the opening of the new commerce with our harbor. Col. Holabird is the man for the place, a big, broad-gauge man in every way and one of the highest integrity. If he goes to Washington he will be one of the really big men in the lower house." Mrs. Bumiller was given an ovation when she concluded and the dinner gave three cheers and a tiger for Congressman Holabird. Several of the ladies made brief talks in which they told of the strenuous campaign work they are doing for Col. Holabird. COL. HOLABIRD'S RESPONSE. "I feel highly honored to be here with such a charming array of representative women," said Col. Holabird, "and I wish to assure you that your support is deeply appreciated. "If I am elected, I will do all in my power to prohibit child labor and see that a living wage is provided for working women in all industrial occupations. I favor the prohibition of night work for women—if they so desire it—and the establishment of legislation adequate to meet their needs." Col. Holabird then ably discussed national issues and made clear his position on the great governmental issues. The guests were: Mrs. Arthur W. Bumiller, Mrs. E. F. Johnson, Jr., Miss Sada Johnson, Mrs. Charles Herbert Dick, Mrs. William Glenn Spence, Mrs. Lloyd W. Mott, Miss Elizabeth M. Coffin, Mrs. Charles Mann, Mrs. Roy King, Mrs. David Murray, Mrs. William A. Innes, Mrs. Jack A. Jones, Mrs. Arthur Braly, Mrs. Warren Cashart, Col. W. H. Holabird, and Harry G. Holabird. REPAIRS BROKEN LIMBS. Now, However, He Asks the Court to Mend Alleged Fractured Principles Regarding His Pay. WATERMELONS DRIP ON TOWN. Incarnadined. Hollywood's Plastered With Seeds and Rinds. Offices, Hotels, Houses and Banks Inundated. General Alarm; Police Slip Up After Criminals. An epidemic of watermelons broke out in Hollywood early yesterday morning. Ten minutes after the melonious assault began the city was strewn with seeds, slippery with shattered rind and literally dripping with the heart's blood of dozens of huge over-ripe melons, ammunition which a large-size patch on the outskirts of town had been literally stripped to secure. Amazed and indignant, the citizens of Hollywood gathered in hur-

HALF MILLION DOLLARS FOR FLATIRON LOT. Means a Skyscraper. THE triangular block lying between Spring and Main streets and running from Eighth to Ninth, and known as the Flatiron, was sold yesterday to the Home Builders of Los Angeles by C. J. Hennings, a Chicago capitalist, and James H. Martin, acting for the Torrance-Marshall Company, for \$500,000, half of which was in cash. This is the largest transaction of the month and foreshadows the construction of another magnificent office building within six months, when the Home Builders are planning to spend upwards of \$750,000 for a thirteen-story, fireproof office. For A. Winans, president of the building company, whose offices are in the Mason Opera-house building, yesterday admitted the purchase, but stated that it was too early to make known all of the details. One of the directors of the company stated that the deal is the outcome of several months of effort on the part of Col. John Gross, owner of the Gross building. There are several small two-story structures in the block, and the tenants hold leases until the end of this year. When these are terminated the old buildings will be torn down to make way for the new. The building is to be under the management of C. Wesley Roberts, and the first floor will be given over to a loan bank and the main offices of the Home Builders. The Home Builders have been endeavoring for nearly a year to secure a suitable site for an office building of the highest type to stand, not only as a monument to the company and its several thousand stockholders but as a safe and sane investment. The sale demonstrates the advancing values of real estate in that section of the former owners' realising an immense percentage of profit on this holding. The new building will be in a commanding position, standing as it does on one of the key situations to the business district.

NEW INLAND EMPIRE. Corporation Formed to Cut Large Ranch Into Small Farms for Colonists Westward Bound. The Graham Farm Lands Company was incorporated yesterday for \$1,000,000, by Benjamin F. Graham, Louis Evans, Luther E. Spaulding, J. W. O'Brien, Donald Barker, Walter C. Fisher and J. R. Avery. The incorporation is to be followed next week by organization and election of officers and directors, and the time the entire amount is to be paid into the treasury of the corporation. The company has purchased the famous 75,000-acre James ranch in Fresno county, about fifteen miles from Fresno, and one of the largest tracts of undeveloped farm land in the San Joaquin Valley. Nearly a million dollars is to be spent in developing the land, providing it for irrigation, laying out farm building roads and otherwise getting ready for the horde of eager seekers for small farm sites certain to find its way to California with the opening of the Panama Canal. Not all of the incorporators of the company will remain in it, but the president will be Benjamin F. Graham of this city, where the main offices are to be located, Donald Barker is attorney for the company, and the work of making ready this inland empire will begin as soon as the necessary arrangements can be made.

ARMY AND DOCTORS BOTH LOSE TO LOVE. THAT neither the cold and unromantic discipline of the United States army, the stern rigors of modern materia medica, nor the carefully ascertained routine of an up-to-date hospital avail individually or in combination against the all-penetrating bacillus of love, will be strikingly demonstrated by the marriage in Monterey September 16 of Lieut. Fred C. Wallace, U.S.A., to Miss Mary Packard, daughter of Mrs. E. C. Packard of Burlington avenue, this city. Miss Packard has been for the last five months a patient at a Monterey sanatorium. She will leave it for a few minutes to become the bride of Lieut. Wallace, who will come from Ft. San Houston for the ceremony. Almost immediately afterward she will return for another seven months of convalescence, and the bridegroom will proceed, under orders, to the United States arsenal at Pinchot, N. J. It was these orders, in fact, which have brought to a climax the romance between the pretty member of Los Angeles' younger set and the gallant young soldier. Army regulations are notorious for their lack of consideration for the lovers, and it was only by sealing a march on them that the young couple are able to prevent the War Department from separating the ends of an unfinished romance by the width of the continent. In order that Miss Packard may not be subjected to any possible occurrence in her convalescent condition, the ceremony will be performed in the Episcopal Church at Monterey, almost on the threshold of the sanatorium where she and her mother have been staying. Miss Packard is practically a native daughter, having been born in this city upon the third month of her life. After graduating from the Los Angeles High School, she went to Washington and took a finishing course at the National Park Seminary, incidentally meeting romance there in the person of Lieut. Wallace. The latter is a native of Tennessee, but was educated at Washington and at West Point.

TAGGART FIRES DEPUTY UNDER CIVIL SERVICE. FIRST derated and then discharged from a civil service position he has held for nine years, W. T. Barnett, chief deputy city tax and license collector faces charges preferred against him by Collector Clarence M. Taggart. In Barnett's place James E. Smart is appointed, and the whole matter is set by the Civil Service Commission for a hearing next Wednesday afternoon at 4:00 o'clock, when interesting revelations are expected. Early this week Taggart derated Barnett, giving him an inferior position at less salary, although his rating is understood to be definitely fixed by the commission. Barnett appealed to the commission, whereupon Taggart dismissed him from office and filed against him charges of insubordination, inefficiency, incompatibility, undue secretiveness, antagonism of the public interest, and unfitness to meet the public in the position he occupied. The derating, dismissal and discharge came as a surprise to Barnett. He related last night to discuss the case pending its hearing before the commission. "I think it might prejudice my interests," he said, "to talk about the case now, and I would much prefer that it be given no publicity until after next Wednesday. There will be plenty to say then."

KICK LIVERY STABLES OUT OF OUR POLITICS. FOR the first time in the political history of Los Angeles county everything pertaining to the primary elections next Tuesday will belong to the taxpayers, even the tents in which the voting is done. For the past few days a crew of men have been making tents and erecting booths by wholesale. These can be set up inside of thirty minutes by county employees, and the total cost of hauling, taking down and maintenance is estimated to be not more than \$2 per tent. Hilbert 819 has been the rental price for a stable or store-room for election day, and the total cost has run into thousands. "Our carpenters have already built 500 tents," said County Purchasing Agent Plummer yesterday. "More will be constructed. The latter of tents, six chairs, two folding tables and a gasoline torch will be \$35 or less. Thus the rental of paraphernalia for three elections will pay for the cost of each tent and furnishings. "When not in use the canvas will be stretched so as to preserve it and

the property with care will last for years. The parts will be interchangeable so that even comparatively inexperienced men can set up these tents in less than half an hour and have them ready for the election officers." The tents and voting machinery will be used jointly by city and county. The city has already paid the Supervisors \$2500 as its share of the expense. Tents have been shipped to Whittier, San Pedro and other distant points, ready to be set up and equipped. The road foremen have the rental price for a stable or store-room for election day, and the total cost has run into thousands. WANT A FREE DISPENSARY. Municipal Housing Commission Makes an Appeal for Meager Fund to Provide for Suffering Children. The City Housing Commission is desirous of raising \$500 to start a free dispensary for children in the Seventh and Mateo-streets district. There is a vast number of children in this section whose parents are employed in the various industries, comprising Mexicans, negroes, Italians and even Americans. They have many troubles incident to neglected childhood, and the only place to which they may turn is Bethlehem institution, eleven blocks distant. This is fraught with many difficulties for people who have no money to pay for care, and who cannot read English. The sight of little children lying in squalid surroundings, too weak to defend themselves from the flies, is sufficient harrowing to spur the Housing Commission into an effort for relief. With \$500 they can establish a dispensary and secure the gratuitous service of physicians, and they hope to be able to establish one at Seventh and Mateo streets.

KISSED GENTLY AND JURY FREES.

... P. NIGHT WIRE TO THE TIMES.] SAN DIEGO, Aug. 30.—In Justice Bryan's court this afternoon a jury, after hearing the evidence, took only five minutes to reach the conclusion that when Theodore Anderson planted three kisses on the neck of Emily Foster, on July 29, he used no violence, and therefore was not guilty of battery, as charged. In her testimony, Mrs. Foster declared that she was kissed violently and against her will. Anderson denied using force. The case turned on the question whether a kiss gently given could be deemed a bat- tery. The jury was quick to say that it could not, and gave An- derson the benefit of the doubt arising from conflicting testi- mony.

BONDS FOR A ROAD SYSTEM.

Fresno County Contemplates the Completion of Good Highways All Over the County Before Fall Opens. FRESNO, Aug. 30.—The Fresno Chamber of Commerce will take up at its first work this fall the matter of bonding Fresno county for good roads and this will be pressed to a vote with all possible speed. Special efforts will be made to arouse interest in the movement with the idea of building the roads so that they may connect with the State highway through the county by the time the latter is completed.

William Robertson, secretary of the Chamber of Commerce, said today that with contracts now let for high- way work in the valley, the public will be given some idea of the meth- ods and cost of highway construc- tion, and with the good road in op- eration it is believed that little per- suasion will be needed to pass bonds to build roads in the county that are on a par with the State highway.

The officials of the Chamber of Commerce are of the opinion that if the people can be approached while the State highway is being built through here that much more enthu- siasm will be aroused for good roads than could possibly be aroused with the State highway merely a matter of the future. When the good roads matter was dropped last June it was not with the intention of let- ting it pass into history as another unsuccessful attempt to get good roads for Fresno county but merely to hold back until after the summer had passed and people would be once more in their homes.

When the directors of the Cham- ber of Commerce saw that signatures calling for the appointment of a high- way commission could not be secured in time for the July session of the Supervisors, it was decided to post- pone any further action until fall, rather than conduct a half-hearted campaign through the summer that might antagonize rather than help. If the movement can be brought to a successful conclusion within the next few months, it is altogether probable that Fresno county will have

RUSHING CONSTRUCTION.

The Tidewater-Southern Railroad Company is rushing construction work on its line between Stockton and Modesto, and from all reports will have the line completed by Sep- tember 5, as per schedule. A large force of men and teams is at work preparing grades and laying steel and those who have witnessed the work in the past week assert that there is little doubt that the first trains will go over the road on Admission Day. No information has been received as to the sale of the \$4,000,000 worth of bonds, and until they are sold work will not be started to Fresno. Representatives of the Tidewater-Southern who have come from Stock- ton assert, however, that construc- tion on the road between Modesto and Fresno will start very soon.

hand, has a wide personal acquaintance, his record is well known and he will be supported by hundreds of personal friends and by their friends and acquaintances. The district will poll a strong vote for the regular Republican ticket. No state senator will be elected there this year as it is an even-numbered year. The district, but the Seventy-third Assembly District can be relied upon to give good majorities for Bert L. Farmer for the Assembly and for Col. W. H. Hollard for Congress.

Farmer was trimming the trees in front of his home the other day when a man came along who introduced himself as a "Progressive" precinct worker. Farmer asked him how he was getting along.

"Oh, pretty well," said the man, "but no one seems to take any interest in my man, Peoria. Nobody knows him. They are all for the other fellow. And it is hard to get our people out, anyhow. They say they are tired of politics."

Farmer said that was too bad. "Yes, it is," said the man; "say, can't you give us a little help?"

"That's what they all say," said the worker, and he walked on.

That "large and enthusiastic meeting" in the interest of Candidate W. E. Brown, Earl's personal selection for the Republican nomination for the State Senate in the Thirty-seventh District, held at Blanchard Hall last Wednesday night, was attended by just 150 persons. There was no enthusiasm, whatever, and scarcely any applause for Stephens, Brown or Woodford.

The only entertaining feature of the affair was the Madison Marine, a young lawyer, who did not meet Earl's idea of what a State Senator should be.

By the way, Lissner's bulldozing campaign of the past few days, to force him to withdraw in favor of Brown, threatening him with political oblivion if he should stay in the race. Huh! Earl evidently has the machine rattled in this Senatorial district.

Much interest is manifested in how the Soldiers Home vote will go at the primary. One of the prominent veterans who called at the Republican Club yesterday declared that notwithstanding the underhand efforts of Lissner and his crowd to influence the voters against Col. W. H. Hollard, the colored would carry the institution in all its precincts. Harry Brodski, too, he reported, was making a winning fight for the Assembly and he said C. J. Nellis for Supervisor would carry the home by two to one.

DEVIL'S CANYON

IS BURNED OUT.

DANGEROUS FIRE EXTINGUISHED

AFTER WEEK'S BATTLE.

Three Thousand Acres Covered by

Fire, but Actual Damage is Nominal.

Valuable Timber and Tree Back to

Their Homes.

Area burned over—3000 acres.

Financial loss—Nominal.

Fire fighters employed—200.

Cost of fight—About \$2500.

Supervisor Charlton, of the

Angels Forest Reserve, yesterday

reported that the fire which raged in

Devil's Canyon for a week is finally

extinguished, that all of the men en-

gaged in fighting the fire are return-

ing home, some to Monrovia, others

to Duarte and Arcadia, where they

were recruited. The distance to the

fire line is about twenty miles.

Head Ranger Jekin and Brownlow,

who have been in charge of the work,

returned to Los Angeles last night and

made their report to Supervisor

Charlton. The latter declares the loss

is only nominal, and that while the

San Gabriel watershed is partly de-

stroyed, it would soon be duplicated

and that little time is lost. He

said that even if timber had been

burned in any large quantity the

financial loss would be slight on ac-

count of the inaccessibility of the

region. It is impossible to get the

timber out, no matter how valuable

it may be.

The payment of the fire-fighters

will begin at Monrovia on Monday,

and continue on Tuesday at the local

office of the supervisor under the

direction of F. C. Thompson, fiscal

agent of the forest reserve office at

Francisco. It is estimated that

it will require about \$2500 to pay all

of the bills incurred, including the

wages of the men at the rate of twen-

ty-five cents an hour, subsistence,

transportation, etc.

Supervisor Charlton yesterday re-

ceived a telegram from the San Fran-

cisco office, asking for details in re-

gard to an article printed in San

Francisco newspapers, to the effect

that the fire-fighters were substituted

for several days during the campaign.

Charlton replied that, on Monday,

last, the men had been unable to get

their dinner, but here that, not a

single meal was missed.

On Thursday night there was a

small blaze at Waterman's and twelve

men were sent post-haste to bludge-

on an article printed in San Fran-

cisco newspapers, to the effect

that the fire-fighters were substituted

for several days during the campaign.

Charlton replied that, on Monday,

the plaintiff declined to amend, and judgment was given for the defend-

ant.

The court reversed the finding of

the local Superior Court in favor of

the plaintiff in the action brought by

David Smiley against George J. Read,

et al, involving the sale to Smiley

of what is known as the "Read

block" at the southwest corner of

Grand and Minnehaha avenues, near

the intersection of the two streets.

STRIKE BLOW AT

HEALTH MENACE.

JAP FISHERMEN CAUGHT NEAR

OUTFALL SEWER.

Detectives from District Attorney's

Office Sleep on Beach at Hyperion

and Take Fishermen Within Thousand

Feet of Dumping Ground—Jail and

Deal.

What is declared to be an event

fraught with importance to the pub-

lic health was the arrest yesterday

morning of eleven Japanese fishermen

by a squad of detectives from the

District Attorney's office, led by Dan

McLaren and Bright. The Japanese

were caught carrying their seines 1000

feet from the shore, in violation of

the law forbidding fishing within

within a mile of the shore at sewer

outlets.

The prisoners presented a plea-

sure case of being caught when they

appeared before Justice Revere for

arrestment, dressed in hip boots,

and fisher's togs. The court was packed

with sympathizers, and Japanese

women were in evidence, and handed

delicacies to the brew men await-

ing the verdict.

Justice Revere admitted those to

ball who could produce \$200 cash or

\$100 bond. The others were

returned to the County Jail. They

were released this morning. About 3000

worth of seines were confiscated.

A campaign against violators of

the fishing law has been waged for

two months, and was interfered with

last week, the detectives assert, by

the intervention of Venice by the po-

lice force there.

Dani and his squad went to the

shore Thursday, the color of the sea

near the sewer outlets as one of the

great menaces to public health. The

Japanese have said the catch at

many markets, the detectives say, and

the danger has spread over the whole

county.

The law should forbid fishing with-

in a three-mile limit, instead of one

mile, declared Deputy District At-

torney Keetch last night. "These

fishermen are a perpetual menace,

and we are determined to stop the

practice at once. A number of fish-

ermen are under suspicion."
